PARIS \$1,200

Q.—What salary do you say is paid by Paris to its Mayor, (who is also chairman of the improvement committee)?

A.—\$1,200.00 per year.

Q.—Great Scott! What! \$700.00 more than any city of the same class in Kentucky, and \$200.00 more than any two cities of the same class in Kentucky?

A.—That is a fact.

Q.—Add together what the Mayors of all the following well known cities of the fourth-class put together get, as compared with what Paris pays its Mayor, namely:

Mt. Sterling,
Georgetown,
Cynthiana,
Versailles,
Shelbyville,
Lawrenceburg,
Lebanon,
Somerset,
Catlettsburg?

A.—Paris has to pay its Mayor \$230.00 per year more than all of the above Mayors put together receive.

Q.—Now take the cities right around us of the same class with Paris?

A.—The cities of the fourth class around us are Winchester, Mt. Sterling, Cynthiana, Georgetown, Versailles,

(Lexington belongs to the cities of the second class).

Q.—Compare what these pay their Mayor with what Paris pays its Mayor?

A.—Winchester, Mt. Sterling, Cynthiana, Georgetown and Versailles all put together pay their Mayors \$190.00 less per year than Paris has to pay one Mayor.

Q.—What about the population of Paris as compared with each of the following cities in Kentucky of the same class, Hopkinsville, Dayton, Richmond and Bellevue?

A.—According to the last census each of the above four places is larger than Paris.

Hopkinsville, population, 7280.
Dayton, 6104.
Richmond 4653.
Bellevue, 6332.
Paris, 4603.

Q.—What about the salaries paid their Mayors?

A.—The Mayor of Paris gets several hundred dollars per year more than all of them, Hopkinsville, Dayton, Richmond, and Bellevue, put together; though the combined population of those four cities is 24369 as against Paris with 4603, or 19763 more than Paris.

Q.—Who fixes the salary or pay of the Mayor and chairman of the improvement committee?

A.—The city council or each city.

Q.—When was the salary of the Mayor and chairman of improvement committee of Paris fixed at \$1200.00 per year?

A.—By ordinance passed Oct. 26th, 1905.

Q.—What was the Mayor's salary in Paris before that date?

A.—Only \$300.00 per year.

Q.—What was the salary paid chairman of improvement committee of Paris before that time?

A.—Nothing.

Q.—What salary did members of the city council of Paris receive prior to that date?

A.—Nothing.

Q.—On Oct. 26th, 1905, at the time the salary of the Mayor was increased from \$300.00 to \$1200.00 per year by ordinance, did that same ordinance provide any pay thereafter for members of the city council?

A.—Yes, \$3.00 per each regular meeting night.

Q.—Who were the members of the city council on Oct. 26th, 1905?

A.—The only members present that night were O'Brien, Brannon, Webb, and Parrish.

Q.—When the ordinance was passed who was running for Mayor of Paris?

A.—James M. O'Brien.

Q.—When the ordinance was passed who, of these councilmen present, were nominees for re-election as members of the city council?

A.—Webb, Brannon and Parrish.

Q.—How long before the November election 1905, was this ordinance passed, changing the salary of the Mayor from \$300.00 to \$1200.00 per year, and allowing \$3.00 per night to each member of the council?

A.—Only 12 days.

Q.—What is the shortest time, under the Statutes, before an election for bringing out an opposing candidate?

A.—15 days, by petition.

Q.—Had this limit of 15 days before the election expired when this ordinance was passed, Oct. 26th, 1905?

A.—Yes, it was only 12 days before the election, Nov. 7, 1905.

Q.—Was it then possible, before the

election in Nov. 7th, 1905, to nominate an opposing candidate against either of those four persons?

A.—No.

Q.—On October 26th, 1905, when O'Brien, Webb, Brannon and Parrish passed this ordinance, increasing the Mayor's salary from \$300.00 to \$1200.00 per year, and the pay of the councilmen from nothing to \$3.00 per meeting how long had they been nominees for Mayor and members of the council?

A.—Since the primary election held July 12th, 1905.

Q.—After they became nominees on July 12th, 1905, could they have passed such an ordinance at any time before the 15-day limit for bringing out an opposing candidate at the November election 1905, had expired?

A.—Yes, either before the primary on July 12th, 1905, or after that time at any time and before the 15 days limit prior to Nov. 1905, election.

Q.—Did James M. O'Brien, then a member of the council and nominee for Mayor, vote on this ordinance, increasing the salary from \$300.00 to \$1200.00 per year?

A.—He did.

Q.—Did he vote for or against the ordinance?

A.—He voted for it, in favor of passing it. I refer you to the proceedings of the city council of October 26, 1905.

This is a public record and anybody can go and look at it and verify the correctness of my statement as to how he voted.

Q.—When O'Brien became a candidate for the nomination of Mayor, at the primary in July, 1905, what was the salary of the Mayor of Paris?

A.—\$300.00 per year.

Q.—What was the salary or pay of the chairman of improvement committee?

A.—Nothing.

Q.—How much did this ordinance of October 26th, 1905, cost the tax payer of Paris, and add to the Mayor's office for the term O'Brien was to fill the office of Mayor?

A.—The Mayor is elected for a term of four years. The ordinance increased O'Brien's salary \$900.00 per year or \$3600.00 for the term of four years. That ordinance also cost the city \$3.00 per meeting for each member of the city council.

Q.—Do you mean that in addition to costing the city \$3.00 per meeting for each member of the council who attended the meetings that ordinance cost the tax payers \$3600.00 more for the office of Mayor than what the last Mayor received for the like period of four years prior to November, 1905?

A.—Yes, that is what I mean. Not only \$3.00 per night for each member of the council at each meeting, but \$3600.00 additional for the next term of the Mayor—out of the pockets of the tax payers—into the pockets of those who voted that ordinance on the tax payers—just 12 days before the election—too late for any opposing candidate to enter the contest.

Q.—Figure a little for me. O'Brien voted himself \$1200 a year, or \$4800 for his four years term. His predecessors received \$300 per year. How long would they have had to serve the city at the rate paid them to have realized the \$4800 collected by O'Brien in four years?

A.—16 years.

PARIS, KENTUCKY

A Card From County Attorney T. E. Moore, Jr.

To the voters of the city of Paris:

Gentlemen:—In its last issue the Kentuckian-Citizen published an article headed "Political Catechism" and signed "Taxpayer" which seeks to create the impression that in voting for an ordinance fixing the salary of city officers for the term of office beginning January 1, 1906, Mayor O'Brien and Councilman Webb, Parrish and Brannon committed some illegal or improper act. As I was City Attorney at the time and prepared the ordinance in question, I feel that I owe it to the above named officials, to you and to myself to make public the facts. During the eight years I served the City in that capacity, it was not only my official duty but it was my invariable custom to prepare such ordinances and notify the Council as to the proper time to pass them. On October 26, 1905, in the discharge of my duty and without being required to do so by anyone and without consulting anyone prepared the ordinance in question and gave it to Mr. Webb, one of the members of the Finance Committee and told him to have it passed by the Council at its meeting that evening, which would be the last meeting before the election. There is no statute requiring such ordinances to be passed at any particular time. The only thing necessary is to avoid running counter to the constitutional provision which prohibits any change in the compensation of an officer after his election or appointment. The ordinance was complete when I gave it to Mr. Webb with the exception of the amount of the salaries which were left blank. The ordinance added very largely to the Mayor's duties and made the position much more onerous than ever before. The members of the Finance Committee, Mr. Webb and Mr. Parrish recognizing this fact and feeling that any person who properly attended to the duties of the office should incur some adequate compensation recommended that the salary be fixed at \$1,200.00 per year. This was agreed to by Mayor Perry and Mr. Brannon, the other members present, after the salaries of the other elective officers of the city, which were all included in the same ordinance had been agreed upon, the ordinance was offered as a whole and adopted by the votes of the four members present and approved by Mayor Perry. The city charter requires a quorum to be present before business can be legally transacted and makes four members a quorum. At the meeting of which this ordinance was passed, Mr. Montgomery, one of the members of the Council, was and had been for months out of the city and Mr. Woods and Mr. Rassenfoss, the other two members, were absent on account of the death of a sister of Mr. Woods and a sister-in-law of Mr. Rassenfoss. This left only a quorum present and in order to carry out my instructions it was necessary for the record to show that each member voted in order to make the ordinance effective. When the ordinance was offered as a whole, as it was necessary for him to vote, Mr. O'Brien, who could hardly vote against the passage of an ordinance fixing the salaries of all city officers, merely because one section of the ordinance fixed the salary of an office to which he might be elected voted "aye." This is the molehill which "A Taxpayers" is attempting to make into a mountain. Hoping that this simple statement of the facts will be sufficient to show you the matter in the proper light and remove any false impression you may be laboring under I am,

Respectfully,

T. E. MOORE, JR.

Typhoid's Toll.

The State Board of Health has issued another circular calling the attention of our health authorities and people to the increasing prevalence and mortality from typhoid fever and to the consequent growing importance of the constant use of the methods endorsed and confirmed by scientific research and observation for the prevention of the disease.

An average of 13,350 cases of this disease and 1,579 deaths are reported in Kentucky every year, chiefly confined to people in the prime of life and usefulness.

The cost of caring for those sick of it, to say nothing of the sorrow, suffering and loss of life, for this year, is reported as being \$963,750.

At the very low estimate of \$2,500 for each life lost the actual money value of those dying was \$3,947,500. If to this be added the cost for caring for the sick it gives a total loss to the people of Kentucky from this one disease in an average year of \$4,911,250.

Typhoid fever is declared to be the most preventable of all diseases, not even excepting smallpox. Like cholera and dysentery, the germs of the disease are contained only in the discharges of the bowels and kidneys of those sick of it, we are told, and it is necessary for a person to swallow some of such discharges, or things polluted by them, in some way, in order to contract the disease.

Dr. McCormick, Secretary of the Board, says that if the rules that have been prepared for the guidance of all persons interested in their own behalf and the public health—such as screening windows and doors, boiling unfiltered water, and taking certain other sanitary precautions—were faithfully and intelligently carried out, it would result in the practical disappearance of one of our most common and fatal domestic pestilences, which is not only a disgrace to our civilization, but an annual scourge and tax upon the people of Kentucky in comparison with which yellow fever and cholera plague and other exotic diseases, so feared by our people, sink into insignificance.

An Old Chestnut.

Every once in a while there bobs up that old chestnut "Uncle Tom's Cabin," and a lot of rot and gush is expended over it by some of the Northern press, full of misstatements and inaccuracies. According to an exchange, the following is the latest:

"The Times-Star has a telegram from Maysville stating that the old courthouse at Washington, Ky., is being torn down, and that is where 'Uncle Tom,' Mrs. Stowe's hero, was sold when a slave. All rot. Anyone who ever read the book knows New Orleans was the place where Uncle Tom was sold. Poor Old 'Tom,' if he ever lived at all, has been dead many years, and the number of places where he was sold is equalled by the multiplicity of points on the Ohio where 'Eliza' crossed on the ice. The latest place to claim the 'honor' is Logan's Gap, between Maysville and Ripley, but in the last fifty years she has crossed at nearly every farm house between Cincinnati and Louisville." Uncle Tom, Eliza, Little Eva, Marks, Mrs. Stowe, et al, have all crossed the river Styx, and if the old novel and its dramatization would follow after everybody would be satisfied.

The County Fair.

A few more weeks will finish up the holding of this year's fairs in Kentucky. Usually one thinks of a county

fair as merely a place where sleek horses and cattle, fat hogs, plenty of prize pumpkins, interesting racing and a big crowd may be found. The fair, it ordinarily seems to us, comes today and is gone tomorrow—until next year. It is a good place to spend hour or so, but the next week it will be gone without having left behind any apparent effects, good, bad or indifferent, says the Richmond Climax.

This, however, is not the most interesting side of a fair. A county fair such as is held annually here, is important in its sociological aspects. It is a great clearing house of public opinion, and a place where acquaintances are renewed and kept green. "I'll see you at the fair," may be the parting words of friends, lovers, men of business. They may be spoken in the crisp tones of the man who looks forward to the meeting as an opportunity to discuss a contract or a sale; or they may be whispered by the youthful pair whose hearts are athrill with the dawning of love. Lives have been ennobled and lives have been wrecked at the fair.

A county fair is a great educator, not altogether in the more obvious way—as an exhibit where one may see better machines, better live stock, better industrial products than he has ever seen before, but rather in a more intangible way. The man who but seldom meets people, here probably meets many and is improved thereby. The person of philosophic turn here sees a whole section—city people, country people; good and bad—in miniature. The fair is for him, in fact, a panorama of society or a portion of it. It one be wise, he may, by looking on this panorama, see himself in a true perspective, for here are representative persons from the region in which he lives. If the onlooker has wisdom he is likely to ask himself this question: "How do I, how my family and my community, average up?"

If we could know only a few of the comedies that are here played; if we could but know of the tragedies that are enacted here behind the scenes, we would know more fully the real significance of the fair.

Sized Up Right.

"It don't take as much sense to be President as it does to be either Senator or Congressman these days," says Congressman Champ Clark. What we need most is Senators and Congressmen who will look out for the people. The tariff bill is 2 per cent. worse than any bill ever passed in the United States, and this can be figured out by plain arithmetic. When the maximum schedule goes into effect it will be 25 per cent. worse. Every manufactured article will cost more just as sure as you are born. If the people do not elect a Democratic Congress next time, it will be the strangest thing that ever happened in American politics."

It's the Truth.

Were Mr. Bryan an unbeliever in the Christian religion what a cry of holy horror would have gone up from many who are perfectly satisfied with the views of Mr. Taft on that subject so long as his Excellency entertains correct (?) views of the tariff and some other matters.

Notice to County Teachers.

The school teachers in the county are requested to assist in the dining room at the fair dinner, on Saturday, Sept. 11. They are asked to report promptly at 10 o'clock and will not be detained later than two o'clock. Will anyone who is unable to assist please notify Miss Mary Fithian Hutchcraft.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

Bourbon Farm.

For purpose of division, I will offer or sale at public auction, at the court house door, in Paris, Ky., at 11 o'clock, a. m., on

Saturday, Sept. 25, 1909

the farm owned by and known as the Edwin Bedford farm, consisting of

400 Acres of Rich Farming Land.

The tract fronts on the west side of the Maysville & Lexington turnpike, and lies immediately on the Interurban railway from Paris to Lexington, and is situated about five miles from Paris and twelve miles from Lexington. It is well watered, and has 180 acres of splendid tobacco land. It is one of the most productive farms in the Blue Grass region.

The improvements consist of a house of six rooms, and two tenement houses, two large tobacco barns, and all necessary farm buildings, such as stock barns, corn cribs, etc.

This is one of the most desirable farms between Paris and Lexington, and if you are looking for land that will increase in value and produce the finest crops, this is what you want.

Taft Wants to Keep "Our Jo."

Information received from Panama indicates that the resignation of Gov. J. C. S. Blackburn may not be handed in after all, and the information also shows that the best of feeling exists between President Taft and Gov. Blackburn—in other words, Gov. Blackburn has not been asked to resign, but, on the other hand, has been urged to remain in office.

This information comes by letter from a Kentuckian who was present at the reception given by Governor Blackburn to President Taft during the latter's last visit to the isthmus, some weeks after his election. On this occasion Gov. Blackburn in his characteristic way said:

"Mr. President I am getting old and have but a few years to live. I am getting tired of this job down here and I want to resign and go back to my home in Kentucky to pass the remaining days of my life in peace. The sooner you can send a man here to take my place the better I will be pleased."

"I know you feel that way now," Mr. Taft replied "because you are homesick but everything is getting along so smoothly down here under your administration that I want you to stay. You take a three month's leave next fall come up to Kentucky and get a good rest. After that if you feel like you don't want to come back to Panama we will discuss the matter of allowing you to resign."

This puts a stop to all the talk about "Old Joe" being forced out or asked to resign. He is there to stay if he wants to, for Mr. Taft has told him so. The letter from Panama goes to say that Gov. Blackburn really wants to quit, wants to give up all politics and officeholding and spend his remaining days in quiet on his farm near Versailles. He is coming to Kentucky this fall and it is a moral certainty that if he wants to go back to Panama at the end of his leave he will be permitted to do so, but his closest friends in Panama say he means what he says when he announces that he will resign when he reaches Washington and will positively refuse to retain the Governorship of Panama. This information comes from a source that cannot be doubted, and it is believed to state the exact facts as they happened when the President was in Panama.

M. E. Conference on Sept. 22.

Kentucky Conference Methodist Church, South, will meet in Paris, Wednesday, Sept. 22. There will be about two hundred and fifty delegates to be entertained by the Christian people of Paris. It has been twenty years since the Conference met in this city and there will certainly be no trouble to find homes for these people. In addition to the regular delegates there will be a great many visitors who will pay their own expenses. This will be a great event for Paris and let us put our best foot forward and impress these visitors with the importance of our city.

Good Dinner at Fair.

The School Improvement League will furnish dinner for the Bourbon Fair Sept. 7 to 11.

Supplies of lamb, ham, chickens, corn, potatoes tomatoes, cream butter, eggs, beaten biscuit and cakes are being solicited in the county, according to the educational divisions as far as possible.

On Tuesday, the dinner will be furnished by Division No. 2, Ruddles Mills, Shawhan, Kiserston, etc., with Mrs. J. W. Ferguson as committee for the supplies from that Division.

On Wednesday, No. 1 will set dinner, Jacksonville, Centerville, Clay's Cross Roads, Monterey, etc., with Mrs. Charles May as committee.

On Thursday, No. 6, and part of No. 5, Hutchison, Clintonville, North Middletown, etc., with Mrs. Geo. Jacoby, Mrs. W. W. Haley and Mrs. John T. Collins, Committee.

On Friday, No. 4, and the remaining part of No. 5, Shakespeare, Little Rock, Jackstown, Cane Ridge, etc., with Mrs. Ben Woodford, Mrs. L. A. Soper and Miss Lake Kern, committee.

On Saturday, Division No. 3, Millersburg, Purdy, Tarr, etc., with Mrs. Amos Turney as committee.

Donations from Paris will be used every day, these being in charge of Mrs. R. B. Hutchcraft, President of the League; Mrs. Robert Goggin, chairman of the Fair Dinner Committee, and the Soliciting committee, Mrs. Henry Power, Mrs. John T. Hinton and Miss Lucy Simms.

On account of the hurried canvass of the town and county, the committees may have overlooked some who are willing to make donations. If this has occurred, the ladies in charge will appreciate it if such persons will notify the committee of their respective divisions. Cash donations with which to buy bread, ice cream, etc., will be gratefully received. Please keep in mind that every penny of the proceeds from the dinner will be used for the betterment of the Rural Schools of Bourbon county. During the first four days the tables will be in charge of the young married women and young ladies of the county. On Saturday, in charge of the school teachers.

Those who cannot send their donations to the Fair grounds, may leave them at Lowry & Talbott's.

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the street, the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of laziness, by loss of appetite and troubled sleep, by sour stomach and distress after eating, by bad complexion and listless eyes.

There is no surer and speedier cure for this trouble than Dr. Caldwell's Syrup Pepsin, which dyspeptics have been using successfully for twenty years. This great herb laxative compound cured Capt. Clark of Buffalo, Ia., of dyspepsia and sour stomach that he had had for forty years, or until the lucky day that he heard of Dr. Caldwell's Syrup Pepsin. It cured Joel Adams, of Montgomery, Ala., after suffering continuously for sixteen months. These are only a few of the many. But it is not expensive to be cured with this grand remedy, as it can be bought at any drug store in a 50-cent or \$1 bottle.

Your very neighbors are probably life-long users of Dr. Caldwell's Syrup Pepsin, but if you want to know without expense what it will do for you personally, send your name to Dr. Caldwell and he will be glad to send you a free trial bottle. He is actually anxious to have you make a remedy.

Thousands of families everywhere keep it in the house against such an emergency as constipation, sour stomach, indigestion, biliousness, dyspepsia, heartburn, torpid liver, etc., which may come on a member of the family any day. It is pleasant to the taste, acts gently and does not gripe. It is the great children's laxative tonic.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

Big Fire at Shelbyville.

Shelbyville was visited with one of the most destructive fires in the business district in its history at an early hour Friday morning. All the territory, beginning with the Baptist church at Fifth street and the public square, and extending West with Main and Clay streets to J. A. Middleton's store, midway between Fifth and Sixth streets, was swept clean by the blaze, consuming five big business houses, together with the contents, and entailing a loss estimated at from \$150,000 to \$200,000.

BASE BALL.**FRIDAY'S GAME.**

The Lawmakers were as helpless as children before the masterly pitching of Dugger for the Paris team Friday, and the Bourbonites won by a score of 5 to 1. In only one inning, the sixth, were the Frankfort boys able to get two bingles together.

Cornell was on the slab for the Frankfort team and did well until the third, when four hits in succession let the Bourbonites have three runs. Nine hits were made by the Paris boys, four of them being for two bases. Kaiser made two two-baggers.

It looked a little dangerous in the eighth inning when the Lawmakers got three men on bases after Hoffman struck out, but Dugger fanned Steele and Bohannon in short order. Glenn led off with a hit in the last of the ninth, but Dugger again demonstrated his complete mastery of the situation by striking out Cornell and Long, and the best Hoffman could do was to ground an easy one to Seebach who threw him out at first. The score follows:

Paris.....0 0 3 0 1 0 0 1-5
Frankfort.....0 0 0 0 0 1 0 0-1
Earned runs—Paris, 3; Frankfort, 1. Two base hits—Kaiser, Reggie, Barnett, Angemeier. Sacrifice hits—Ochs. Stolen bases—Ochs, Yantz. Left on bases—Paris, 4; Frankfort, 9. Struck out—by Dugger, 7; by Cornell, 3. Bases on balls—off Dugger, 3; off Cornell, 3. Passed ball—Elgin. Time—14:5. Umpire—Alloway.

SATURDAY'S GAME.

The Bourbonites visited Lexington Saturday and defeated the Colts by a score of 4 to 2. Winchell pitched good ball for Paris, allowing only six hits, while our boys hit "Happy" Doyle for ten bingles, Kaiser and Goodman taking the batting honors for Paris. Following is score and summary:

Paris.....2 0 0 0 0 0 2 0-4
Lexington.....0 0 0 0 0 1 0 1-2
Earned runs—Lexington 2; Paris 2. Two base hits—Ochs, Goodman, Chapman. Three base hits—Chapman. Base on balls—off Doyle 3; off Winchell 3. Struck out—by Winchell 5; by Doyle 3. Left on bases—Lexington 9; Paris 8. Double plays—Reggie to Barnett; Kimbro to Zurlege. Passed ball—Elgin. First base on errors—Lexington 1; Paris 1. Hit by pitcher—Kimbro. Stolen bases—Murphy, Elgin. Sacrifice hits—Ochs, Seebach, Winchell. Umpires Piepho and Alloway. Time—1:50.

SUNDAY'S GAMES.

The Bourbonites won both games of the double header Sunday afternoon. Jimmie Poole, the southpaw for the Paris team, did the twirling in both games. The first game resulted in a score of 4 to 2, and second in a score of 4 to 1, in favor of home team. The features of the games for the Paris team was the batting of Goodman and Ochs, and the base running of Kaiser.

Following is score and summary of first game:

Paris.....0 3 0 0 1 0 0 x-4
Shelbyville.....0 0 0 2 0 0 0 0-2
Earned runs—Paris 1. Two base hits—Goodman, Barnett. Sacrifice hits—Seebach, Kircher. Stolen bases—Ochs, Goodman. Base on balls—off Watkins 2. Struck out—by Watkins 4; by Poole 3. Left on bases—Shelbyville 6; Paris 7. Double plays—Dugger to Scott; Poole to Barnett; Goodman to Seebach. Umpire—Piepho. Time—1:30. Attendance—1,000.

Following is score and summary of second game:

Shelbyville.....0 0 0 0 1 0 0 0-1
Paris.....1 0 1 0 0 2 0 0 x-4
Earned runs—Paris 3. Three base hit—Ochs. Two base hits—Allison. Stolen bases—Ochs, Kaiser 2, Scott. Base on balls—off Poole 1; off Klosterman 5. Struck out—by Poole 4; Klosterman 1; Kuhn 1. Left on bases—Paris 8; Shelbyville 4. Hit by pitcher—Blatz. Hits—off Klosterman 10 in 7 innings; off Kuhn 1 in 1 inning. Time—1:30. Umpire Piepho.

YESTERDAY'S GAMES.

Paris met Frankfort yesterday for the last time this season in two games, winning the morning game in handy fashion by the score of 7 to 2 and playing the second to a lucky 0 to 0 in ten innings, darkness putting a stop to the conflict. The Bourbonites won the morning game by batting Cornell the crack southpaw for twelve safe bingles and getting five free passes to first for good measure. Frankfort played very listless ball after the first few innings. Bohannon going into the box in the eighth and finishing the game.

The afternoon game was marked by some very clever work by Dugger and his team mates after errors had put them in a hole. Frankfort garnered seven safe bingles off Dugger which together with a base on balls, five errors by Paris, would ordinarily score several runs, but clever work prevented a score and saved the game as Paris could not do much with Crutcher. Paris was lucky to get away without a defeat.

MORNING GAME.

Frankfort.....0 1 0 0 1 0 0 0-2
Paris.....3 0 1 0 2 1 0 0 x-7
Batteries—Cornell, Bohannon and Angemeier; Dugger and Bevan. Hits—Paris, 12; Frankfort, 5. Errors—Frankfort, 3; Paris, 3. Earned runs—Paris, 3. Two base hits—Dugger, Ochs. NOTES.

The no hit, no run game pitched by Dugger for the Bourbonites at Shelbyville last week was as near a perfect game as ever played. Only two men reached first base, and they were passed by Dugger.

The two games of ball to be played by Paris and Shelbyville teams here, will both be played in the morning instead of afternoon so everybody can take in the fair in the afternoon. The games will be called promptly at 10 a. m.

The first deal of the drafting season in the Blue Grass League took place Thursday when William Grayson, Jr., of St. Louis, who recently bought the Louisville base ball club, traded Puttman, the big pitcher, who was the sensation of the American Association in 1908, to the Winchester club for pitcher Burden and third baseman Vancine. Mr. Grayson has been in Winchester several days and saw both of his new players in action.

After many weeks of pronounced success at Weber's Theatre, New York, Joseph M. Weber's splendid offering "The Climax" a powerful story in three acts by Edward Locke, will make its first bow to the Bluegrass theater-goers at the Lexington opera house next Friday evening, Sept. 10 for two nights and Saturday matinee. The audience is said to be captivated by the irresistible charm of this delightful play, which maintains the highest standard of purity, possessing that much sought but seldom acquired quality, which is plainly noticeable in "The Music Master" and other great plays that have lived long in the memory. "The Climax" is a play well worth seeing more than once, for besides its humorous situations, and its quaint comedy charm, it contains much food for thought in its study of the questions of mental suggestions. Quite a number of Parisians have signified their intention of going.

Balloon to be Turned Loose.
The passenger-carrying balloon that was seen going over Paris and Lexington a few days ago is of the same type as will be seen at the Paris fair, Sept. 7-11. The balloon will be held in captivity until the last day of the fair and then it will be liberated for a long flight, and will carry away three passengers on the journey. 2t

Eclipse of Mars.

The eclipse of the planet Mars by the moon Wednesday night was witnessed by a number of Paris people. The announcement that the eclipse would occur was made in the papers several days ago and almost every one was aware that the phenomenon would take place. The eclipse was not what could be called spectacular but was watched with interest. The phenomenon was visible in all parts of the United States and could be plainly seen with the naked eye. The eclipse took place about 8:40 o'clock and lasted about thirty minutes. At that time the moon was closer to the earth than it has been for some time and its passage around the earth moved between the earth and the planet causing the eclipse.

The Lurid Glow of Doom

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all Blood Disorders and Rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by Oberdorfer, the druggist. sept

Cool Weather.

Yesterday was one of the coolest days known in this city for some time and was the coldest September second since 1900 when the temperature was two degrees lower than on Wednesday. The prevailing cold snap is attributed to a disturbance off the mid-Atlantic coast, a tropical storm, and while no damage was done on land the temperature of a large portion of the country was lowered.

Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Lungs, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer the druggist. sept

Record Breaking Tour.

Two weeks from Tuesday President Taft will leave Beverly on what will prove to be in many ways a record breaking presidential tour. The President's first stop will be in Boston the evening of September 14, where he will be the guest of honor at a big banquet given by the Boston Chamber of Commerce. The following morning at 10 o'clock he will start a 13,000 mile journey back to Washington.

Charged With Murder.

Charles Mauget, a wealthy retired tailor, was arrested in Newport, Ky., on a warrant charging him with the murder of his wife Margaret, who was found strangled to death at their home a week ago. His bond was placed at \$10,000, in default of which he was locked in jail. He is 75 years old.

The North Pole.

Dr. Frederick A. Cook, of Brooklyn, who in July, 1907, departed in search of the North Pole and who had not been heard from for over a year, started the civilized world Wednesday, with a telegram from Lerwick, in the Shetland Islands, announcing that he reached the pole April 21, 1908. Dr. Cook is returning on the steamer Hans Egede, due at Copenhagen Saturday. In his final dash for the pole Dr. Cook was not accompanied by any white man, four Eskimoes being his only companions. The news of his success is generally credited by scientific men.

Of all the billions of people who have inhabited the world since time began Dr. Cook is the first white man whose geographical location has been such that he could look in but one direction. When he reached the North Pole there was no direction for him but South.

Much is now being said about what this great discovery means. Sir Robert Ball, former astronomer of the Royal Observatory, now Professor of Astronomy at Cambridge University, and one of the most distinguished British scientists, has written the following statement on what the discovery of the North Pole exactly means:

"Two questions being asked all over the civilized world today are:
"First—Why does anyone want to go to the North Pole?
"Second—How does he know when he's there?"

To answer the second question, first, the mariner who finds his altitude in the Northern Hemisphere to be 90 degrees knows he can be no where else than at the North Pole. The astronomer will tell you that to any one standing at the North Pole the sun rises and sets only once a year—six months daylight, and six months night, mitigated only by a little twilight at the beginning and end of a period of awful gloom, broken by occasional sunlight or aurora.

"The pole is truly a unique spot on the globe. Cook, standing there, faced due south. Whichever way he looked he was more than twenty miles nearer the center of the earth than if he stood at the equator. His weight was greater than any where else on the surface of the globe. A plumb line in his hand pointed vertically upward to the pole of the heavens around which all stars revolve. Half of the other half he could never see; the other half never went below his horizon, and would have been visible throughout six months of night. The famous constellation Orion ever circles around and around his horizon. The pole star stood directly over his head.

"The gain to knowledge from Dr. Cook's discovery is incalculable. There is much to learn of tides, currents and the ocean."

CAPTIVE BALLOON!

Only one ever exhibited south of the Ohio River. Holz' captive balloon will make regular trips every fifteen minutes during each day of the Bourbon Fair, from 10 a. m. to 10 p. m. carrying passengers near one-fourth mile high, 1,200 feet, in perfect safety. The enormous bag is inflated with hydrogen gas several days in advance, and given supply enough to last two weeks. The balloon is held captive by a large cable attached to a drum on the operating engine, and when time to descend the engine is reversed and you slowly come to earth after the most delightful trip of your life.

Dr. Cook Brings Proof.

I arrived at the North Pole at 7 o'clock in the morning, April 21, 1908, accompanied by only two Eskimos.

I took daily observations for a fortnight before arriving at the pole. Returning we were forced to take a more westerly route, and the first ten days I took observations daily and recorded them.

I have ample proof that I reached the North Pole in the observations I took, which afford a certain means of checking the truth of my statements.—Statements of Dr. Frederick A. Cook on board steamship enroute to Copenhagen.

Fight Against New Pooling.

The first step in a fight of certain

tobacco growers against the new pooling pledge of President Lebus and the Burley Tobacco Society was taken at Cincinnati Saturday when the Burley Tobacco growers District Union No. 1, of the Equity Society was organized.

Surplus of Cars.

Increasing industrial, agricultural, and mining activity is indicated by advance sheets of the fortnightly statement of car surpluses and shortages compiled by President Hale, of the American Railway Association. The statement, which will be published September 10, will show that on September 1 the surplus of cars of all kinds has been reduced more than 40,000, bringing the surplus down to a little more than 100,000 cars of all kinds.

Judge O'Rear Speaks.

Judge E. C. O'Rear spoke at the court house yesterday afternoon in favor of the Burley Tobacco Society pool. There were about two hundred tobacco growers present and listened attentively to Judge O'Rear, who made a clear and logical speech, he being interrupted several times with hearty applause. He referred to President Lebus' big salary, and to the speech recently made by Hon. C. M. Clay against the pool. He said Mr. Clay's speech was the most logical attack against the pool that he had seen, but after analyzing it he found it weak. Judge O'Rear's speech was said by a number present to have been the cleanest and strongest ever heard in our city in favor of the pool.

Supt. Immell Visits Paris.

Mr. John Immell, Superintendent of the Metropolitan Life Insurance Company, was here Saturday conferring with Superintendent D. A. Hamilton, of this city, and his assistant superintendents in regard to the work that is to be accomplished in this district during the balance of the year. Mr. Immell was very much gratified by the condition of Superintendent Hamilton's district, especially the work done in the ordinary department, where a large number of \$5,000 and \$10,000 policies had been written. Superintendent Hamilton entertained with a dinner Saturday at the Windsor Hotel in honor of Mr. Immell and his assistants.
